

# Micor QuickStart Guide

Australian Government  
Department of Agriculture,  
Water and the Environment

**Micor**  
Manual of Importing  
Country Requirements

## 1. Choose

Manual of Importing Country Requirements

Requirements set by Australia's agricultural export trading partners

Meat  
Includes fresh meat, processed meat, and animal by-products such as skins, hides, parchment, rendered products and technical products

Dairy  
Includes milk, milk powder products, butter, cream, cheese and other processed dairy products

Plants  
Includes fruit, vegetables, nursery stock, cut flowers and foliage, seeds, grains, distillate and timber

Fish  
Includes fishery, other seafood products, crustaceans, arthropods, gastropods, cephalopods, tunicates and ctenophores

Live animals  
Includes livestock, companion animals, horses, zoo animals, birds, hatchlings, fish, bees and other invertebrates, and reproductive material

Eggs  
Includes shell eggs and egg products

Non-prescribed goods  
Includes honey and bee by-products, and processed foods

Organics  
Includes organics equivalence arrangements

Click on one of the seven commodity types to find the importing country requirements for your exports.

## 2. Search

Filter

Country Access for type of seafood Access for non-prescribed goods

Results

Algeria  
American Samoa  
Argentina  
Bahrain  
Bangladesh  
Barbados  
Benin  
Bolivia  
Bosnia and Herzegovina  
Brazil

Available Refinements

Bivalves  
Cephalopods  
Crustaceans  
Echinoderms  
**Finfish**  
Gastropods  
Tunicates

Use the filters to refine your search and then choose a result to see the importing country requirements.

## 3. Read
